## experience

Intent: Building a cultural capital is intrinsic to the aims of our arts education. We want all children to experience the arts in a variety of contexts and with authentic experiences.

- Trips

- Visitors to school

 Authentic opportunities (eg high quality materials, sketching real objects)

## art and design techniques

Intent All children will have the opportunity to work with a range of media to develop their drawing, painting, 3D sculpture, printmaking and textiles techniques. Techniques will build upon those taught in previous years and will include focus on the use of colour and perspective.

- drawing
- painting
- 3D sculpture
- printmaking
  - Textiles

## **Experts**

Intent All children will experience a wealth of different styles of art from artists, designers, craft makers and architects around the world and throughout history. Learning about the history of art and its role within cultures will help children to understand its function and the study of different styles will help build art and design techniques to in turn enable more creativity.

- artists

- designers
- craft makers
- architects

## Sketchbooks

Intent: All children will use sketchbooks to explore techniques being taught, plan and develop ideas.

- explore
- evaluate

Intent All children will be provided with opportunities to develop their own creativity and to express themselves through art. Children will be able to develop ownership over their work by being given opportunities for freedom in the development of their work and the explorative nature of lesson design.

creativity

- lesson design
- arts competitions
