

Big Make

Each year the RA in London holds in Summer Exhibition. It showcases art in all forms, from prints, painting, film and photography, to architectural works and sculpture by invited artists, Royal Academicians and emerging talent. We are going to hold our own mini Summer Exhibition in school using the RA's theme for this year: climate. Can you create a print, painting, photograph, sculpture etc that explores this theme. Be as creative as you can be! All pieces will be exhibited in the moat alongside our finished hangings. Please hand these into one of the Year 6 Art Captains, or Miss Street, by Tuesday 14th June.
