

Pupil premium strategy statement

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Stapleford Community Primary School
Number of pupils in school	197
Proportion (%) of pupil premium eligible pupils	24 children 12.1%
Academic year/years that our current pupil premium strategy plan covers	2023/2024
Date this statement was published	November 2023
Date on which it will be reviewed	
Statement authorised by	Laura Rawlings
Pupil premium lead	Jayne Hore
Governor / Trustee lead	Victor Humberstone

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£34,920
Recovery premium funding allocation this academic year	£3,915
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£38,835

Statement of intent

At Stapleford Community Primary School, we are passionate about education. We are ambitious for our pupils and want the best for every child. Our staff work hard to ensure the school is a vibrant and innovative place, where pupils demonstrate a thirst for learning, where curiosity is nurtured and excellence is expected in a caring, supportive and stimulating environment. Our school vision 'CARE' encourages learners to be curious, ambitious, resilient and to demonstrate excellence.

Our pupils in receipt of the Pupil Premium Funding face specific barriers to reaching their full potential and, at Stapleford, we are determined to provide the support and guidance they need to help them overcome these barriers.

Our aim is to use the pupil premium funding to provide additional support to counter disadvantage and to ensure greater equity through:

1. Ensuring and supporting great teaching
2. Providing targeted academic interventions
3. Using a wider range of strategies to overcome barriers to learning

Ensuring and supporting great teaching

We recognise the importance of ensuring all pupils, whatever their background or circumstances, are provided with an education of the highest quality. This will ensure that all our pupils are equipped with the knowledge and skills they will need to succeed in, and beyond, school. Strategies to close achievement gaps between groups and individuals are an integral part of every lesson and evident across the curriculum.

Within the classroom there is a clear focus on well planned and differentiated lessons that challenge and stretch all pupils. A programme of training supports staff to continually expand and develop a full range of teaching strategies and techniques to ensure the achievement gap is closed rapidly through the use of timely and appropriate interventions.

This will include:

- extensive gap analysis used to further inform teaching
- 1:1 and small group support within the class
- Teaching Assistant support in class
- the employment of specialist teachers
- Continuing Professional Development (CPD) for staff and collaborative practice, including coaching, team teaching, modelled lessons and best practice visits

Providing targeted academic interventions

For some children, high quality teaching in itself may not be enough and there is a need for additional, time-limited provision outside of normal classroom activities. There is extensive evidence supporting the impact of high quality one-to-one and small group tuition as a catch-up strategy. Evidence from research shows that such programmes are likely to have the greatest impact where they meet a specific need, include regular sessions maintained over a sustained period and are carefully timetabled to enable consistent delivery. Effective interventions follow assessment, which can then be used to ensure that support is well-targeted and to monitor pupil progress.

This will include:

- 1:1 / small groups in English and maths
- additional learning time
- additional phonics
- speech and language support
- Special Educational Needs and Disabilities (SEND) / English as an additional language (EAL) support groups

Using a wider range of strategies to overcome barriers to learning

In addition to the strategies above, a range of other strategies can contribute to children's success in school, such as improving attendance, supporting positive behaviour, social and emotional skills and building parental engagement.

At Stapleford we will provide

- a focus on improving attendance
- curriculum enrichment opportunities
- support for wellbeing and mental health
- activities to increase parental engagement to ensure there is equity for all pupils

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low attainment and slow progress rates made by pupil premium/disadvantaged children. The children have gaps and misconceptions and find it difficult to retain/recall prior knowledge. This is particularly evident in core subjects. Our pupil premium children as a group are not making as rapid progress in their reading as non-pupil premium children.
2	Poor parental engagement, with supporting children's learning
3	Lack of cultural capital and experiences - many of our pupil premium children do not have as rich and varied experiences as non-pupil premium children seem to have, meaning knowledge of the world and vocabulary acquisition is limited.
4	Weak Communication Skills - Speech and Language needs Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers.
5	Gaps caused by ad hoc attendance and punctuality issues for some pupils eligible for PPF.

6	<p>Significant social and emotional difficulties including:</p> <ul style="list-style-type: none"> ● trauma ● low self esteem ● anxiety ● behavioural issues leading to risk of exclusion ● time out of education ● low aspirations ● fixed mindset <p>Some of the children will experience some of the above because of more frequent school moves due to social housing needs. The children are not appropriately prepared for these big changes in their lives. This has also led to gaps in their schooling.</p>
7	<p>SEND - in some cases complex SEND; 51% of our children who receive pupil premium funding are also on the SEND register.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Gaps in the pupil's learning are identified and support is put in place to fill these gaps. Pupils make accelerated progress towards their individual targets or age related expectations, whichever is more appropriate for each child.</p>	<p>Assessments show this accelerated progress.</p>
<p>Intensive home school links are provided by Stapleford staff to support pupils and/or parents, identified by school as vulnerable or in need.</p>	<p>Parents indicate there are strong links between home and school and support is received for a wide range of needs.</p>
<p>Increase overlearning and reinforcement in reading and maths at home and school.</p>	<p>Increase in reading ages and maths fluency for PP pupils</p>
<p>Pupils access a wide range of enrichment experiences both in and out of school.</p>	<p>Pupil surveys reflect enjoyment in school and improved attitudes to learning. Social skills, independence, perseverance and teamwork are developed.</p>
<p>Improved oral language skills and vocabulary among disadvantaged pupils.</p>	<p>Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.</p>

PP attendance is regularly monitored, support is put in place when needed and attendance increases.	Attendance analysis demonstrates that identified PP pupil's attendance increases and the gap between PP and non PP narrows.
Social and Emotional difficulties are identified and individualised support is put in place.	Children are provided with pastoral care, guidance and support to raise self-esteem and develop skills of resilience, independence and perseverance. Behaviour logs show that incidents are reduced in school.
Children are provided with support to meet their SEND needs. These may be classroom strategies, 1-2-1 support or specific interventions.	As their SEND needs are being addressed, PP pupils make expected progress or exceed their individual targets set in R,W,M.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £3,650

Activity	Evidence that supports this approach	Challenge number(s) addressed
Curriculum Design CPD to improve teaching pedagogy	Evidence indicates that high quality teaching is the most powerful way for schools to improve pupil attainment, particularly for socio-economically disadvantaged students. Schools should focus on building teacher knowledge and pedagogical expertise, curriculum development, and the purposeful use of assessment. This could include the selection of high quality curriculum materials or investment in the use of standardised assessments.	1,4, 7
Pupil Progress Meetings - approximately	EEF Report Pupil-Premium-2023.pdf recommends gaining a thorough knowledge of your disadvantaged pupils' levels of attainment and regular pupil progress meetings to discuss the	1, 7

	attainment of this group and what their next steps need to be, form a part of this process.	
Inclusive Classroom Training Whole school training - 2 afternoons (training delivered by SENDCo/SL) Implementation and monitoring of approach	The first recommendation of the EEF report EEF Special Educational Needs in Mainstream Schools Guidance Report.pdf (d2tic4wvo1iusb.cloudfront.net) : Create a positive and supportive environment for all pupils, without exception. An inclusive school removes barriers to learning and participation, provides an education that is appropriate to pupils' needs, and promotes high standards and the fulfilment of potential for all pupils.	1, 7
John Kane: Coaching Training -DHT/SL release to attend training -Implementation of this approach by 4 trained members of staff. --	---	--

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £10,230

Activity	Evidence that supports this approach	Challenge number(s) addressed
'Small Grains' Stapleford Granary Education Pilot	<p>Overall, the average impact of arts participation on other areas of academic learning appears to be positive but moderate, about an additional three months progress.</p> <p>Improved outcomes have been identified in English, mathematics and science.</p> <p>Arts participation EEF (educationendowmentfoundation.org.uk)</p>	1, 3, 4
Enhanced SEND leadership capacity to drive APDR cycle	<p>The SEND Code of Practice recommends what is referred to as the graduated approach which has four stages of action : Assess; Plan; Do; Review SEND code of practice: 0 to 25 years - GOV.UK (www.gov.uk)</p>	1, 7
Forest School	<p>The recommendations outlined below are based on the two phases of evaluation and the findings of previous evaluations (Massey, 2004; Davis and Waite, 2005).</p> <p><i>“Forest School benefits many children and should be used on a wider basis as a vital part of children’s outdoor learning experience, and to provide many more children with the opportunity to experience this as part of their overall education.”</i></p> <p>30357 Pages (forestresearch.gov.uk)</p>	1, 3, 4, 6, 7
ELSA training for TA	<p>The average impact of successful Social Emotional Learning interventions is an additional four months’ progress over the course of a year. Alongside academic outcomes, SEL interventions have an</p>	6

	<p>identifiable and valuable impact on attitudes to learning and social relationships in school.</p> <p>EEF Toolkit</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning</p>	
Zones of regulation intervention	<p>The average impact of successful Social Emotional Learning interventions is an additional four months' progress over the course of a year. Alongside academic outcomes, SEL interventions have an identifiable and valuable impact on attitudes to learning and social relationships in school.</p> <p>EEF Toolkit</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning</p>	6
Steps refresher training to staff	<p>Angela Wadham, an experienced professional in the field of child behaviour, developed the Steps therapeutic behaviour approach. We have been implementing this highly successful approach to behaviour for the last 3 years and wish to continue to build on this success</p> <p>EEF Guidance Report – improving behaviour in schools</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/behaviour</p>	6
Rigorous attendance monitoring, support	<p>The DfE guidance Improving School Attendance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.</p>	5
Extended school hours – breakfast and after school club to enable parents to work and to improve attendance.	<p>The DfE guidance Improving School Attendance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.</p>	2, 5, 6
Cultural capital experiences promoted in the curriculum – one example of this is by participating in educational visits. These visits are reduced in cost for PPF children.	<p>The Cultural Learning Alliance highlights work which champions the importance of transferred cultural capital in enabling children to be successful in school and life. PPF/ disadvantaged pupils may have less opportunity to build cultural capital – this in turn impacts on their attainment</p> <p>Sutton Trust Report – Parent Power</p>	3

	https://www.suttontrust.com/wp-content/uploads/2019/12/Parent-Power-2018.pdf	
Residential trip cost is greatly reduced for PP Majority of costs applied for from local charities Cost of transport	DFE guidance of PPF expenditure gives the example of using it to support children to access activities like residential visits. Residential trips offer opportunities for raising children’s cultural capital as well as their self-esteem, fixed mind-sets and aspirations. Discussion of benefits in EEF toolkit – outdoor adventure learning https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/outdoor-adventure-learning	3, 6
1-2-1 Music lessons – another form of cultural capital	Overall, the average impact of arts participation on other areas of academic learning appears to be positive but moderate, about an additional three months progress. Improved outcomes have been identified in English, mathematics and science. Wider benefits such as more positive attitudes to learning and increased well-being have also consistently been reported EEF Toolkit – https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/arts-participation	1, 3, 6
Review current parental engagement in the parents of pupils in receipt of PPF. Tailor school communications - ensure they are read or communicated verbally for particular parents. Provide more sustained and intensive support if needed.	Despite school staff having developed good relationships with the majority of this group of parents, there is still a significant need to support engagement in their children’s learning. EEF toolkit The average impact of the Parental engagement approaches is about an additional four months’ progress over the course of a year. There are also higher impacts for pupils with low prior attainment. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/parental-engagement EEF guidance report - parental engagement https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/supporting-parents	2

Total budgeted cost: £38,170

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

End of FS Assessments - 2022-2023

	National (FFT)	Cohort	PPG
GLD	67.6%	67.9%	0%

Phonics Screening Check 2023

	National (FFT)	School	PPG
Year 1 Achieving	80.5%	83.3%	100%
Year 2 Achieving		87%	50%

End of KS1 Assessments - 2022-2023

	National	School	PPG
Expected Standard			
Reading	69%	77%	38%
Writing	61%	67%	13%
Maths	71%	77%	25%
R, W, M Combined	57%	67%	13%
Greater Depth			
Reading	19%	37%	0%
Writing	8%	13%	0%
Maths	17%	43%	13%
R, W, M Combined	6%	13%	0%

End of KS2 Assessments - 2022-2023

	National	School	PPG
Expected Standard			
Reading	74%	83%	100%
Writing	73%	70%	50%
GPS	73%	87%	50%
Maths	74%	87%	50%
R, W, M Combined	61%	65%	50%
Greater Depth			
Reading	29%	39%	0%
Writing	13%	9%	0%
GPS	31%	39%	0%
Maths	25%	22%	0%
R, W, M Combined	8%	4%	0%

Analysis of Results

It is clear from these results that children in receipt of pupil premium funding are not yet achieving at the same level as those without this funding. However within these results there are children who made accelerated progress to either meet the expected standard or to exceed it. The children with SEND needs have made steps towards their individual targets.

We are extremely pleased with the Year 1 Phonics data. This was the first cohort to have experienced the Little Wandle Approach to phonics and early reading since they started Reception.

The PPG also achieved well in the KS2 Reading SAT.

It is important to remember when looking at our data that in most classes our PPG is a small group, sometimes one or two pupils.

In the summer term 2023 we celebrated a number of our children playing their musical instruments with confidence in whole school assemblies. Other children took on challenging roles in an end of year play.

Further information

In school, there are additional things all staff do to support the children and their individual needs:

- We follow a STEPs therapeutic approach to behaviour, 'caring' is part of our vision, and this is evident throughout the ethos of the school
- Adults make themselves available to give their time to talk and listen to the children
- Breakfast is provided when necessary
- Early arrival at school is offered to support better attendance.
- Clothes/shoes/P.E. kit donated to particular families
- Clothes washed for children and then children changed into clean clothes when arriving at school
- Self care routines completed at school – hair brushing, teeth brushing, face washing
- Aspiration – believing in each and every child.
- Collection from home and walked to school in the past to support attendance
